Instead of sifting through stacks of paper applications and having your hiring managers possibly interview poor candidates, simplify your hiring process by deploying our paperless All-Aboard Applicant Tracking and assure you hire the best candidates for your company.

You can easily post positions to your custom online Applicant Portal, allowing potential candidates to search for positions by title and location. To improve your hiring process, you can assign a scoring system to each application question so that managers spend their time with applicants that fit your ideal score. With our Hiring Flags, you are able to dynamically create an easy-to-follow hiring process, including full workflows to assure compliance.

When it is time to hire an applicant, simply click 'Onboard Applicant' and AllPay sends a welcome email to the applicant that directs them to your paperless new hire Onboarding Portal.
